

Xerox USB Duplicator

Copies in a Flash

The Xerox USB Duplicator is a fast and convenient way to make numerous copies of storage devices which utilize a USB connection, including pen drives, external hard drives, etc. USB flash memory devices are used in a multitude of components including computers, smart phones, portable gaming devices, and many other useful hardware applications. These systems are available in multiple sizes, from 3 up to 63 recording slots from a single master source.

Standalone operation

The Xerox USB Duplicator can operate independently from a PC. The entire unit is operated from an easy to use LCD interface on the top front panel.

Asynchronous Duplication

Initiates the copy process for each USB pen drive independently as they are inserted into the duplicator, regardless of file size or duplication speed. Thus, allowing the device to copy any size master data onto multiple sources asynchronously (independently) without sacrificing duplication speed or quality for faster and more reliable duplication.

Smart Copy feature

In Smart Copy mode, the Xerox USB Duplicator will copy only the recognized accessible content contained on the USB device for faster duplication.

Supports Wide Array of USB drives

The Xerox USB Duplicator supports a large selection of available USB drives on the market, for better compatibility and capability.

Secure Erase

Ensures that all trace of previous data/information stored on that USB flash device is overwritten and not capable of being retrieved.

Xerox USB Duplicator

Model #	USB103	USB107	USB111	USB115	USB123	USB131	USB139	USB147	USB155	USB163
Operating Type	Stand-alone									
Number of Recording Ports	3	7	11	15	23	31	39	47	55	63
Qty. Duplicated Per Hour USB Size: 512MB* (at 20MB/Sec duplication speed)	420	980	1540	2100	3220	4340	5460	6580	7700	8820
Qty. Duplicated Per Hour USB Size: 1GB* (at 20MB/Sec duplication speed)	210	490	770	1050	1610	2170	2730	3290	3850	4410
Qty. Duplicated Per Hour USB Size: 2GB* (at 20MB/Sec duplication speed)	105	245	385	525	805	1085	1365	1645	1925	2205
Qty. Duplicated Per Hour USB Size: 4GB* (at 20MB/Sec duplication speed)	51	119	187	255	391	527	663	799	935	1071
Qty. Duplicated Per Hour USB Size: 8GB* (at 20MB/Sec duplication speed)	24	56	88	120	184	248	312	376	440	504
Buffer Memory	128MB for every 8 ports									
Account Management	32 Users (Standard License) or 64 users (Premium License)									
Asynchronous Duplication	Yes									
Smart Copy	Yes									
Auto Counter	Yes									
File Systems Supported	ALL									
Max USB Size Supported	Unlimited									
Languages Supported	English, Spanish, French, Japanese & more. Chinese can be added upon request.									
Display	20 x 2 Blue LCD									
Status LED	Green/Red LED on each port									
Color	Black									
Maximum Read Speed*	33 MB/Sec									
Maximum Write Speed*	31 MB/Sec									
USB Flash Drives Supported	Most USB 2.0/1.1 Flash Drive									
Firmware Upgradable	Yes									
Power Supply	Input: 90-240 V AC									
Operating Humidity	20% - 80%									
Temperature Extremes	40°C (104°F) / 5°C (41°F)									
Regulations	UL, FCC, CE, RoHS									

* The actual reading/writing speed may vary depending on the USB device's max speed limitations.
